

All Facility Cleaning Program

Clea Filling Station
Item #: CL49760

Four Bottle Locking Wire Basket
Item #: CLWB-3

Simplify Your Inventory

The Clea All Facility Cleaning Program simplifies commercial cleaning with a Filling Station and Dilution Control Dispenser, offering six powerful solutions in color-coded packaging. Portable spray bottles and comprehensive training materials ensure effortless maintenance. Economical and environmentally sustainable, it streamlines inventory while delivering effective results.

The Clea Filling Station offers safe, effective, economical and sustainable solutions that dispense to buckets, bottles or equipment.

Super concentrated, color-coded high performance chemical refills for any cleaning task.

Replaces up to 13 cleaning products and helps simplify your cleaning inventory.
